REPORT

The cleanliness drive commenced with a briefing session where participants were informed about the objectives of the drive and the designated areas for cleaning by the Head of Department Dr. Nourunni Sika. The programme was inaugurated by Dr. Gitali Kalita, esteemed Principal of our college. Equipped with necessary cleaning supplies like brooms, dustpans and gloves, the volunteers enthusiastically began their tasks. The frequently used spaces in the campus received special attention. The college field, a potential source of litter, was also thoroughly cleaned, ensuring a more hygienic environment for students and staff.

Beyond physical cleaning, the drive also included an awareness campaign. Banner was displayed throughout the campus, emphasizing the importance of keeping the campus clean and green. Students were encouraged to avoid littering and to dispose of waste responsibly in designated bins. Vote of thanks was offered by the Head of Department.
